INTRODUCTION:

In spite of its very tight curricular schedules, the College has always held Workshops, Seminars and Conferences on varied and multidisciplinary aspects, which can be of common interest and cut across the narrow subject and stream barriers. On an average, the College has held roughly 30 such programs annually. During the Corona Pandemic period, the College did not stop such programs but conducted the same on the on-line platform. Eminent speakers, Stalwart articulators have filled all in the College with in depth insights and implementable knowledge which helps both in theory and praxis.

The College has also done a lot of Extension activities beginning with Health Camps and closing with deliberation on Social Justice, at an average of 10 per year. The College believes that such programs enable all in the College to be true Citizens of the World through the constant process of updating, and admixing health issues and philanthropy with academics.

Remembering the oft-quoted proverb that the battle of Waterloo was won in the Fields of Elton, the College always encourages sports and games among the Students, Teaching and Non-Teaching all round the year. The Principal's room contains a shelf, which is full of the trophies, mementoes and accolades won by the Students of the College. Indeed, the College has always produced Students, teaching and Non-Teaching Staff who are active sports persons, yoga experts, physiotherapists, representing the College in the State and even National levels. The College also has a Cultural Committee, which holds programs in the Class Rooms or College Auditorium regularly, commemorating *Rabindra Jayanti*, and other days of national significance. Teachers, Students and Non-teaching collaborate and perform in a team in all such programs. We have commendably talented singers among Non-Teaching, Teaching and Students; as well as reputed dancers of national and international frame among Teachers. Teachers AND Students jointly perform dance recitals of *Mahasur Mardini*, which is profound and highly artistic.

The College encourages all the teachers to participate in the FDP, and consequently the number of such participation per year is comparatively quiet high. Teachers' participating in such FDPs are encouraged to submit a report of the same, so that other teachers can also gain knowledge but in-depth study of the submitted report. This not only helps the teachers in keeping abreast of the latest developments in their respective fields, but spread their new knowledge among the students, who also find food for thought, and develop research interest in the most recent and developing topics.

**REPORT ON WORKSHOP, SEMINAR AND
CONFERENCE
2017-18**

Special lecture on the occasion “National Science Day” at Botany Department

On 28 February 2018, the botany department of Barasat college arranged for a special lecture of the college in order to commemorate the National Science Day. This event was organized for the first- and second-year students of the Botany Department and was held from 11 AM in the morning. The chief speaker for the event was the Head of the Botany Department, Dr. Arpita Chatterjee. Every year, National Science Day is celebrated on 28 February, in India, with the aim of honoring the discovery of the Raman Effect by Dr. C.V. Raman.

Special Lecture on Crystal Field Theory

The Institute, Barasat College, conducted this lively Special Lecture on Crystal field Theory on 07 August 2017 at the college, from 11:00 AM, for the 2nd year students. The Department of Chemistry organized a special lecture by the HOD, Prof. Debarati Guha on the topic of Crystal Field Theory (CFT). This event was held in the departmental classroom, on 07 August 2017 and all of the students of the three batches, including the other professors, were also present during the lecture. This lecture can be seen as an extension of their academic course itself because CFT forms a very vital part of their assigned syllabus.

A Special Lecture on Molecular Spectroscopy.

On 14 September 2017, a special lecture on the topic of "Molecular Spectroscopy" was conducted by the Chemistry Department. It was the part of an extensional programme of the curriculum provided to the second-year students of the Department, by the university itself. The speaker for the occasion was Dr. Sukesh Patra, the Head of the Chemistry Department, himself. He had tried his best to simplify the topic, and make it as interesting as possible for the students.

Seminar on Laboratory Safety.

In order to inform the newly admitted first year students of the Chemistry Department of Barasat College, the departmental faculty had organised for them a seminar on the various rules and regulations that should be followed in the college laboratories. Not only this, but they were also informed about the importance of waste management and signage, in the college campus, during the course of the seminar on 01 February 2018. Prof. Debarati Guha had given the introductory speech and also spoken about all the rules that need to be followed.

Special Lecture on the occasion of National Science Day.

Every year, on 28 February, people all over India celebrate the National Science Day in order to commemorate the discovery of the Raman Effect, by the Indian Scientist Dr. C.V. Raman. In the year 1930, Dr. Raman had also won the Nobel Prize in Physics, for his discovery of the Raman Effect in 1928. All the students and professors of the Chemistry Department were present for this special lecture.

Special lecture (On the Occasion of National Science Day) at the Computer Science Department

The Institute, Barasat College, conducted this lively and engaging lecture on the Occasion of National Science Day) at Computer Science Department" on 28 February 2018 at the college, from 1:00-3:00 PM for the students of 1st semester, 2nd, and 3rd year conducted by Professor Tamal Deb. The lecture took place in the computer lab; the devoted society committee organized this to celebrate a fair and healthy environment for all who wanted to learn more about it. The students were in charge of keeping the institutional premises clean, tending to the computer lab, and upholding proper etiquette as a student.

Special lecture (On the Occasion of National Science Day) at the Physics Department

The Institute, Barasat College, conducted this lively and engaging lecture on the Occasion of National Science Day) at Physics Department" on 28 February 2018 at the college, from 1:30 - 03:00 P.M. for the students of the 1st year and 2nd year of the C.S department of the college conducted by HOD Dr. Manik Kr. Sanyal. The lecture took place in the physics lab; the devoted department of Physics organized this to guide students with a fair and healthy environment possible for all who wanted to learn more about the career and shared the lecture over the contribution of C.V Raman. The students were in charge of keeping the institutional premises clean, tending to the Physics lab, and upholding proper etiquette as a student. All students who wanted to volunteer were advised to be at the institute in the morning for the preparations. The department of Physics organized this very special lecture with the motive of motivating aspiring students of the department. Hence the lecture proved as an essential activity in an institution through brought the students' thought processes and motivating them to speak about how much they know about the world of Physics and science in their minds. As a result, students were excited to share their views.

Special lecture (On the Occasion of National Science Day) at the Zoology Department

The Institute, Barasat College, conducted this lively and engaging lecture on the Occasion of National Science Day) at Zoology Department" on 28 February 2018 at the college, from 12:30 P.M. for the students of the 1st year and 2nd year of the college conducted by HOD Trithankar Dalui.

The Usage of Demat Account in Share Trading In Barasat College

The PG Department of Commerce organized an awareness campaign on the use of the Demat account in share trading for students in their first semester at Barasat College on November 7, 2017. REPORT ON EXTENSION ACTIVITIES

2017-18

REPORT ON EXTENSION ACTIVITIES OF 2017-18:

Barasat College always believes that proper education can only thrive when the body is fit and the mind agile. Consequently, the College tries its best to see to it that its Students, Teachers and Non-Teaching suffer from no health hazards and are physically at their best. The College holds a number of medical and health camps on an annual basis for this reason.

At the same time, the College observes various red-lettered days, both on their National and International level, so that the formative minds of the students become receptive to them, and paves their way to be World Citizens, aware of ever important day in this globe from this stage onwards. The College believes that just as the spirit of nationalism and love for the Motherland must make them bow down before the National Flag on the 26 of January or the 15 of August every year, they should also be aware of respecting women all over the world to the celebration of Women's Day and World Peace Day. The College relentlessly attempts to inculcate good values in the Students, Teachers and the Non-teaching so that all emerge as well-rounded, balanced, knowledgeable and conscientious citizens of the future World.

BLOOD DONATION CAMP: Barasat College conducted a Blood Donation Camp on 18-01-2018 and 21-02-2018 by the NSS Unit and Zoology. A Blood donation camp was organised through which students and staff members of our Barasat college donated more than 63 units. It is a way of Barasat college's gesture bringing a ray of hope to contribute to the serious problems of acute blood shortage. India faces a blood shortage of 3 million units.

FREE COST OF EYE TEST: Barasat College conducted A Free Cost of Eye Test 18-01-2018 by the NSS Unit. It is a way of Barasat college's gesture bringing a ray of hope to contribute to the serious eye problems.

HEALTH CAMP: Barasat College conducted A Free Health Camp on 27-03-2018 by the NSS Unit. It is a way of Barasat college's gesture bringing a ray of hope to contribute to the solution of health problem.

SOCIAL JUSTICE: Barasat College conducted a Celebration of the Celebration of Social Justice Day (Judiciary Activism) for students on 9th August, 2017 at 1.00 PM. The Department of Political Science organized the event. Our institution had a Celebration of Social Justice Day (Judiciary Activism) in room number 36 for the 3rd year students.

SOIL COMPOSITION: With the growth in population, pollution, industrialization and deforestation, the extent of soil erosion is constantly increasing. The program was conducted on 07-02-2018,

REPUBLIC DAY: The Barasat College conducted a Celebration of Republic Day for students on the college lawn on 26-01-2018. It started with the observance essential even for the institution to bring the voice of great literary work and motivate students to learn about their contribution and come to a more energetic experience.

WOMEN'S DAY: Barasat College conducted a celebration of International Women's Day from 12:00 PM for students in room number 36. The department organized the event on 8th March 2018. They were accompanied by the Principal sir and all teachers of the Department of Sociology. The celebration lasted for 3 hours. Students from all classes were asked to report at 11 AM.

Celebration of World Cancer Day (Cancer: Causes and Prevention) : On the occasion of World Cancer Day, the Botany Department of Barasat College had organized a talk show on 05 February 2018. The event was presided over by the HOD of Botany, Dr. Arpita Chatterjee, in the department's allotted room. This was like an informative session, where students from all three years were informed about the causes of cancer and the ways in which it can be prevented.

WORLD PEACE: The Political Science Department of Barasat College conducted a workshop on 16-02-2018 at 11:00 P.M in room number 37. The workshop was about providing more information to the students about weather forecasting as the application of science.

VALUES AND ETHICS: The Commerce Department of Barasat College conducted a workshop on Values and Ethics on 20-02-2018 at 2 P.M. in Room Number 6.

**REPORT ON SPORTS AND CULTURAL
ACTIVITIES
2017-18**

ANNUAL REPORT OF EVENTS 2017-2018

Movie Time : CHARULATA by Satyajit Ray.

The screening of the movie “Charulata”, by Satyajit Ray had been organized on 06 July, 2017, by the Bengali Department for their own departmental students, in the smart classroom of the college as it has a projector and the big screen required for watching a movie. Before the movie started, the Head of the Bengali Department, Prof. Haimanti Dasgupta gave them a brief introduction as to how Satyajit Ray had been immensely influenced by the works of Rabindranath Tagore, which is often visible in his films, and that “Charulata” was an adaptation of Tagore’s “Nashtanir”, translated as “The Broken Nest” in English.

Debate on “The contemporaneity of Rabindrath’s works”.

The Bengali Department, on 03 August, 2017, had conducted a friendly debate session on whether or not the works of Tagore are relevant in today's world. It was a two hours long event, held between 12.30 to 02.30 PM in room number 22, with the third-year students being the participants and the others being the audience. This session was presided over by Dr. Prateeti Bhattacharya, who was also the judge of the debate.

Teacher’s Day celebration in the Bengali Department.

The students of the Bengali Department had organized an elaborate and beautiful Teacher’s Day celebration for their professors on 06 September, 2017. The occasion was also graced by the presence of the college’s principal, Dr, Partha Pratim Dasgupta. Dr. Dasgupta addressed the audience and spoke about how a teacher has the capacity of changing the lives of so many students and that very few professions are as noble as teaching. The students had arranged for a small felicitation ceremony for principal sir and all the other professors, where they were presented with a bouquet and some token of affection. After the principal’s address the students had organized a cultural programme for their professors.

Quiz on Bengali classic movies.

The innovative and interesting idea of conducting a quiz show based on the timeless classics of the Bengali cinemas was indeed very well received by the entire Bengali Department. The quiz show was held on 06 February 2018, in room number 22, and a lot of students had taken part in it. Prof. Surya Bhattacharya, of the Bengali Department, had conducted the quiz and acted as the quiz master. The quiz show had three rounds in all – the first round were about movies spanning from 1940 to 1960, the second round had questions from movies that were made during 1960 to 1980, and the third and last round was a audio

round, that were taken from all the black and white movies irrespective of the year they were produced.

Celebration of “International Mother Language Day”

The Department of Bengali had celebrated “International Mother Language Day” on 21 February 2018, and had organized a cultural programme on the occasion. Since, this day is commemorated in order to promote the usage of one’s mother tongue, the Head of the Bengali Department, Prof. Haimanti Dasgupta, had addressed the assembly and spoke about the history behind the celebration of such a day. It is through the speech of Prof. Dasgupta that the people who did not know about the story behind the day, got an insight about it. When Bangladesh was a part of Pakistan, and was called East Pakistan, there was an immense struggle between the Bengali speaking section and the Urdu speaking section of the society, which had escalated further after the Pakistan government had declared that Urdu would be the official language of the state. There were people who had sacrificed their lives in order to give the Bengali language the respect and importance it deserves. The United Nations had declared 21 February as the “International Mother Language Day” in the year 2002, in order to protect the vernacular languages and promote their usage all over the world. Since, the fight for the protection of vernaculars began in Bangladesh and was fought in order to promote Bengali, the day is of more significance to the people of West Bengal, more than it is to the other people around the world.

Farewell Programme of the Bengali Department.

The farewell for the batch of 2015-'18 students of the Bengali Department was conducted for the first- and second-year students of the department, on 01 March 2018. They had not only invited the outgoing batch, but also the departmental professors to be a part of the programme. The celebration began with Prof. Haimanti Dasgupta's speech, that included how the outgoing batch had had some of the best students of the college and how they had all been full of life. Her address was followed by short speeches by the other departmental professors, who congratulated the students for their praise-worthy performance in their examinations and also for metamorphosing into such kind hearted, helpful and supportive human beings. All the professors wished them best of luck for their new journeys and hoped that all of their students are going to shine in their respective fields of work.

Celebration of “Basanta Utsav”.

In order to celebrate the festival of colors, Holi, the students from the Department of Bengali had organized a “Basanta Utsav” for their own departmental students. It was held on 13 March 2018, with the cultural programme being held in their departmental room itself. But they were not allowed to use colors inside the college building, which is why after the cultural programme was completed, the students had all gathered in the college ground. The

“Basanta Utsav” conducted by the Bengali department, was influenced by the "Basanta Utsav" that is celebrated annually in the Visva Bharati University of Shantiniketan, on the occasion of Holi. In Shantiniketan, the “Basanta Utsav” is a huge affair as people from different parts of the world flock together in order to celebrate the festival of colors. Rabindranath’s youngest son, Samindranath Tagore had started celebrating this “basanta utsav” in the year 1907 and is still celebrated with great pomp and grandeur. Our students had tried to replicate VBU’s model of organizing the “Basanta Utsav”, though on a much smaller scale. There was a cultural programme that was held in their classroom, which consisted of students singing Rabindra Sangeet and performing Rabindra Nritya. Some of the students had also performed recitation on various self-composed as well as recognized verses written by famous authors.

Quiz competition on “Soil Type and Profile”.

The Department of Botany had organized a quiz competition on the topic of “Soil type and Profile” on 31 October, 2017, in their own departmental room. The quiz session was presided over by Prof. Sumit Mitra, who was therefore the quiz master for the day. The quiz session had served as an informative instrument for letting the students know more about the components of soil and their importance. With the growth in population, pollution, industrialization and deforestation, the extent of soil erosion is constantly increasing. This quiz show can therefore be treated as an initiative of spreading awareness among the youth of today, so that they could take steps in order to protect the soil.

Quiz on Environmental Degradation

The Botany Department had arranged for a quiz competition for their departmental students, on 03 November 2017. The quiz competition was held in their departmental classroom and was about the topic of "Environmental Degradation". This quiz was conducted for all the students of the Department of Botany, that is the students from all three years could participate in it. The Head of the Botany Department, Dr. Arpita Chatterjee was the quiz master of the event and she was the one who had taken the initiative of conducting this quiz show. As the days are passing, the consequences of human activities are affecting the environment around us. With the growing industrialization and urbanization, which has led to huge population growth, the environment is being affected the most, and that too in the worst way possible.

Documentary Film Show - The Kingdom - How Fungi Made Our World"

On 06 February, 2018, the Department of Botany had organised a screening of the documentary, "The Kingdom- How Fungi made our World", for their own departmental students of all the three batches. The screening was held in the smart classroom of the college, where all the professors and students from the Botany Department had come in before 1.00 PM itself. Before the screening had started, the HOD had given a brief outline as to what the film is about - the importance of the Kingdom Fungi since the dawn of life on the

Earth. The 2018 documentary title "The Kingdom- How Fungi made our World", is based on the factual evidence discovered by the scientists all around the globe that points at only one fact, that fungi are the reason for the existence of life on this planet.

Quiz competition on Periodic Anomalies.

The Department of Chemistry had organised for their junior most batch a quiz show, based on the topic of "Periodic Anomalies", on 14 November 2017. It was not a competition, but rather a more interesting and interactive way of teaching a certain topic. Prof. Debarati Guha, who is one of the departmental professors of the Chemistry Department, had chaired the event, which automatically makes her the quiz master of the show as well. The very title of the event suggests that the quiz show was about the Periodic Table, which is one of the most important and common parts of Chemistry. Without the Periodic Table, the branch of Chemistry would not be able to function and Dimitri Mendeleev's discovery of the Periodic Table was a watershed moment in the field of Chemistry. Therefore, the periodic table can be defined as a tabular array of the chemical elements organised by atomic number- from the element with the lowest atomic number, hydrogen, to the element with the highest atomic number, oganesson.

Debate Competition on Privatisation is the only medicine to improve an organization

The Barasat College conducted a Debate competition on the Theme "Privatisation is the only medicine to improve an organization" on 8th August 2017 at the college, from 2:00 PM for students. The debate was organized by the commerce department. Debate competition in an institution was very essential to bring the voice of the students and motivate them to speak their minds about the topic and come to a conclusion. As a result, students were excited to share their views. All the 2nd-year students participated, which was followed by several other activities. Initially, participants discussed the rationale, execution, and potential economic effects of the plan. Consequently, it created a wide range of debating views – from being hailed as an inevitable future, to being poorly perceived as positivity and uncertain future due to a severe lack of critical infrastructure and technology compared to public organizations, to being an achievable dream that can lead to a more transparent economy and a less corrupt India.

Farewell Programme of Commerce at Barasat College

The UG Department of Commerce organized a farewell programme for students in their third year at Barasat College on March 1, 2018. Prof. RK Bose, an MBA professor and HOD of the Commerce faculty, was the main guest, and the first-year and second-year students were the main organisers of the program. The event took place in Room 1, at 3 p.m. The ceremony began with Saraswathi Poojan, which involved lighting the lamp. Prof. RK Bose delivered a speech following the programme. Prof. Bose advised the student on his future plans and offered his experiences with higher education and his college days. Dr. Partha Pratim Dasgupta made a farewell speech following the faculty speech.

Quiz on "Indian Bank System" At Barasat College

The PG Department of Commerce organized a quiz competition on the “Indian Bank System” for students in their second year at Barasat College on April 12, 2018. The quiz was conducted by Prof. Suchitra Bhattacharya, a professor of the Commerce faculty, who elaborated on the importance of the Indian banking system. The event took place in Room 2, at 4 p.m. The professor started the quiz by giving everyone a quick background on the Indian Banking System and its functions in our lives. Borrowing and lending are the primary tasks of the banking industry. Banks now provide many different services to their customers, such as net banking, online shopping, mobile banking, awarding loans and advances, short-term credit, pension payments, operating as foreign currency dealers, and so on. A normal person can put their money safely with banks. Banks are the economic backbone of any country. They are in charge of administering the economy and regulating market prices. They serve a variety of critical purposes. However, there are default NPAs, incidents of corruption, and security threats, but these may be rectified by the government enforcing stringent laws and norms.

Movie Show - Robotics

The Barasat College conducted an event of Movie Show - Robotics for students on 21 September 2017. The Department of Computer Science organized the event. The movie Show "I, robot" was organized for 1st-year students by Prof. Tutan Ghosh in room 4 for 4th year students. It started in the afternoon, and this movie time was essential even for the institution to bring the voice of great literary work like this to the industry and motivate students to learn about their contribution and come to a more energetic experience. The event started with a speech given by the professor regarding the importance of this movie. The devoted department organized this to celebrate a fair and healthy celebration of documentary film's contribution to literature. The interesting story behind the discovery of the movie and how politics was reflected in it was shared by Prof. Palash Biswas. The speech motivated students with variants of opinions, thoughts, and perspectives that enhanced students' knowledge and understanding of the significance of the political career in India and how it works many times. Professor also delivered a brief lecture discussing the impact of this documentary on the Indian audience.

Quiz on IoT

The Institute, Barasat College, on 22nd November 2017 at the college, from 12:00 PM, conducted a lively and engaging Quiz on the Theme “IOT” for the students by prof Surajit Datta. The department of computer science organized the Quiz. The Quiz in an institution is essential to bring the students' knowledge to the test and motivate them to test how much they know about the subject in their minds. As a result, students were excited to participate in the quiz. At 12:00 P.M., the Quiz related to the **IoT** on the educational front for the students started with a brief introduction of the judges, and members of the department. Every student was requested to be present on time, and no use of cell phones during the competition was allowed to avoid any noise in between. All the present students were asked to participate; several other activities followed this Quiz. To begin with, each present student started by raising their hands if they knew the answer and then proceed to the next level if their answers were correct. The Quiz took place in the computer lab; the devoted department of computer science organized this Quiz to have a fun-filled knowledge test and aspire to healthy

competition amongst the students a fair and healthy environment for all who wanted to learn more about it.

A Debate on AI is the Future

The Barasat College conducted a Debate competition on the Theme “A Debate on "AI is the Future" on 14 December 2017 at the college, from 11:00 AM for 3rd-year students. The department of Computer Science organized the competition. Debate competition in an institution is essential to bring the voice of the students and motivate them to speak their minds about the topic and come to a conclusion. All the 3rd year students participated, followed by several other activities such as warm-up and checking microphones, Dr. Tamal Deb conducted the debate. The devoted computer science department organised it in a commendable manner to have a fair and healthy debate competition, in the computer lab. All students who wanted to volunteer were advised to be at school in the morning for the preparations. Organizing this debate competition aimed to hone the students' public speaking skills and teach them to be articulate while expressing their thoughts and opinions. At 11:00 AM, the debate competition started for all the participants. To begin with, each participant spoke their mind on the rationale for the execution and potential future effects on the world.

Quiz competition on “Sarva Shiksha Abhiyan”

The department of education of the Barasat College had organized a quiz competition For the students of the second year, on 8 November 2017. The topic of the quiz competition was “Sarva Siksha Abhiyan (SSA) - Education for All” and was conducted in room number 50 of the college. Prof. Partha Das had conducted the entire quiz competition which automatically made him the Quiz Master for the day. The quiz competition did not have any different rounds but rather consisted of only one round, where Prof. Das had gone on to ask questions on the given topic. The SSA is an Indian government program aimed at the universalisation of Elementary Education in a time bound manner. This campaign was included in the 86th amendment of the Constitution of India that made free and compulsory education for children between the ages of 6 to 14, a fundamental right. The former Prime Minister of India, Atal Bihari Vajpayee had pioneered this programme. The SSA has been operational since 2000-2001, however its roots go back to 1993-1994 when the District Primary Education programme was launched with an aim of achieving the objective of universal primary education. 85% of the expenditure on the programme is borne by the Central Government whereas the other 15% of the expenditure is incurred by the State Governments. The main objectives of the SSA was to establish new schools in places with no schooling facilities, strengthen the existing infrastructure of schools, provide quality elementary education to all the students below the age of 14 years, provide uniforms and other basic necessities of education to school children, increase the number of teaching staff in all the Government schools and even promote girls' education to bring a change in the status of women. The SSA also promoted education of children with special needs and disabilities and also provided equal educational opportunities to children of households belonging to SC/ST, landless agricultural labourers, the Muslim minority, etc.

Debate on “Equity and Equality”

On 7 February 2018 the first-year students of the Education Department had all participated in a debate session which was on the topic of “Equity or Equality”. This was not a competition but was rather an interesting and interactive way of learning about the basic differences between the two concepts of equality and equity. The debate session was chaired by the head of the Education Department Prof. Rathin Biswas, who had divided the whole class into two groups, where one group would argue that equality in education is necessary and that identical education should be provided to all, and the other group would counteract this argument by vouching for the need of having equity in education system where students would be educated as per their needs.

Movie Time with “Maqbool”

The department of English of the Barasat College had organized for their students of the third year, a movie screening of the film titled “Maqbool”, which is a Bollywood adaptation of Shakespeare's most famous tragedy named “Macbeth”. This screening was conducted by Prof. Shirshendu Mondal on 13 November 2017, in room number 4 of the college, which is the smart classroom. Since, “Macbeth” was a part of the students’ syllabus, this movie screening can be interpreted as an interactive session that helped the students get a different perspective of Shakespeare's one of the most famous tragedies.

After the movie screening came to an end Prof. Mondal indulged in a small discussion about various other movie adaptations of Shakespeare's Macbeth. He emphasizes on the fact that like various other Shakespearean plays Macbeth is also incredibly flexible which makes it easier to be adapted into a movie. The speaker also informed the students that the play has been adapted in various ways - as a straightforward adaptation, or as a muddy dirty period piece or even as a Bollywood crime thriller.

Quiz on " Elizabethan Period in the History of English Literature

Barasat College conducted a lively and engaging Quiz on "Elizabethan Period in the History of English Literature' on 12 April 2018, from 12:00 P. M. for the students of the 3rd semester. The department of English organized the Quiz, which was conducted by HOD Prof Sirshendu Mondal in Room number 43. The Quiz in an institution is essential to bring the students' knowledge to the test and motivate them to test how much they know about the subject in their minds. The quiz competition was held in their departmental classroom and was about the topic of "Elizabethan Period in the History of English Literature". This quiz was conducted for all the students of the Department of English, that is the students from second years could participate in it. The English Department professor Sirshendu Mondal was the quiz master of the event and she was the one who had taken the initiative of conducting this quiz show. Elizabethan literature, the body of works written during the reign of Elizabeth I of England (1558–1603), probably the most splendid age in the history of English literature, during which such writers as Sir Philip Sidney, Edmund Spenser, Roger Ascham, Richard Hooker, Christopher Marlowe, and William Shakespeare flourished. This quiz competition was organized in order to spread awareness about this growing cause of the Elizabethan Period in the History of English Literature. The quiz show consisted of three rounds.

Documentary show on “Effect of Climate Change on Ocean”

On 8 December 2017 the Department of Geography of Barasat College had arranged for the screening of a documentary show for their second-year students. The screening was organized in the geography lab and had begun from 10 AM in the morning. The documentary was on the topic of Climate Change affecting the oceans of the world. Professor Chirasree Bagchi had organized this screening and she had shown the whole class the documentary with the help of YouTube. The documentary was titled “Climate Change: Living on the Water”. With the constant increase in earth’s surface temperature due to global warming, the rate of climate change is also increasing at an alarming rate. One of the major effects of climate change is the rise in water levels in seas and oceans. To imagine that people are going to live underwater someday might seem apocalyptic at this moment but is soon going to become the reality. The documentary aims at showing that the water levels are rising so fast that it is becoming a huge threat to the 700 million people living on the coastal areas all over the world. The visionaries in the documentary tell us how very soon people will adapt themselves to living in a world that will be submerged under water. Show the documentary the students are informed by the experts that by the year 2100 the sea levels all over the world will rise by two whole meters than their original depth now. The rising sea levels would force millions of people Living in several places like Mumbai, Tokyo, Guangzhou and even Bangladesh to move out of their houses which will be completely underwater. The documentary also tells us that not even the cities in the USA namely Miami, New Orleans and New York would survive the rising sea levels. Therefore, climate change will drastically affect all the Metropolitan areas that are located near the sea coasts all over the world.

Farewell Programme of Geography Department

On 13 April 2018 the geography department of Barasat College had organized a Departmental Farewell programme for the outgoing batch of students in room number 13 of the college.
