16	LIST OF FDP ATTENDEND BY TEACHING AND NON-TEACHING STAFFS

INTRODUCTION:

In spite of its very tight curricular schedules, the College has always held Workshops, Seminars and Conferences on varied and multidisciplinary aspects, which can be of common interest and cut across the narrow subject and stream barriers. On an average, the College has held roughly 30 such programs annually. During the Corona Pandemic period, the College did not stop such programs but conducted the same on the on-line platform. Eminent speakers, Stalwart articulators have filled all in the College with in depth insights and implementable knowledge which helps both in theory and praxis.

The College has also done a lot of Extension activities beginning with Health Camps and closing with deliberation on Social Justice, at an average of 10 per year. The College believes that such programs enable all in the College to be true Citizens of the World through the constant process of updating, and admixing health issues and philanthropy with academics.

Remembering the oft-quoted proverb that the battle of waterloo was won in the Fields of Elton, the College always encourages sports and games among the Students, Teaching and Non-Teaching all round the year. The Principal's room is contains a shelf, which is full of the trophies, mementoes and accolades won by the Students of the College. Indeed, the College has always produced Students, teaching and Non-Teaching Staff who are active sports persons, yoga experts, physiotherapists, representing the College in the State and even National levels. The College also has a Cultural Committee, which holds programs in the Class Rooms or College Auditorium regularly, commemorating *Rabindra Jayanti*, and other days of national significance. Teachers, Students and Non-teaching collaborate and perform in a team in all such programs. We have commendably talented singers among Non-Teaching, Teaching and Students; as well as reputed dancers of national and international frame among Teachers. Teachers AND Students jointly perform dance recitals of *Mahasur Mardini*, which is profound and highly artistic.

The College encourages all the teachers to participate in the FDP, and consequently the number of such participation per year is comparatively quiet high. Teachers' participating in such FDPs are encouraged to submit a report of the same, so that other teachers can also gain knowledge but in-depth study of the submitted report. This not only helps the teachers in keeping abreast of the latest developments in their respective fields, but spread their new knowledge among the students, who also find food for thought, and develop research interest in the most recent and developing topics.

Rajputs enjoyed their eminence during the 6th to 12th centuries. Until the 20th century, Rajput ruled in trouncing majority in the princely states of Rajasthan and Saurashtra.

A special lecture on "Vedic Mathematics" at Mathematics Department

The Department of Mathematics of the Barasat College organized a special lecture on "Vedic Mathematics" at Mathematics Department. The event was held in room number 34 of the college and on 11 September 2019, from 02:30 P.M. lecture was attended by all the students of the Semester 5th of the Mathematics Department. The lecture had begun in the morning and was presided over by the head of the mathematics department of the college Dr. Prafulla Kumar Das.

Special lecture (On the Occasion of National Science Day) at the Mathematics Department

The Institute, Barasat College, conducted this lively and engaging lecture on the Occasion of National Science Day) at Mathematics Department" at the college, on 28 February 2020, from 02:00 P.M. for the students of the 3rd and 5th year conducted by Professor HOD Dr. Das in room number 36. The department of Mathematics organized this very special lecture

with the motive of motivating aspiring students of the department. Hence the lecture proved as an essential activity in an institution through brought the students' thought processes and motivating them to speak about how much they know about the world of computers and science in their minds. As a result, students were excited to share their views.

A Talk on " Mathematical skill prior to study physics" at Physics Department

The Department of Physics of Barasat College has organised a “Mathematical skill prior to study physics” talk on 08 August 2019, from 11:30 A.M for 1st-year students. The talk show was conducted in the Physics lab. The session was addressed by HOD Dr Manik Sanyal and was attended by all the second-year students of the Physics Department. It is evident from the title that the talk show was about the causes and effects of internet addiction on today's youth.

Special lecture on “Understanding Relativity” in Physics Department

In this lively and engaging lecture, Dr Sukla Dutta Gupta spoke on 09 September 2019, from 02:00 P.M. for the 5th-semester students of Barasat College about "Understanding Relativity" in the Physics Lab of the institute. The Department of Physics organised the special lecture. All present students were asked to participate in this special lecture, which was followed by some other activities. The devoted department of Physics organized this special lecture to have a fair and healthy environment for all who wanted to learn more about it. The morning assembly followed the information from the session by the department of Physics. Organizing a special lecture only aimed to hone the students' confidence and knowledge regarding the Use of Transact and Quadrant in Surveys. Dr Sukla Dutta Gupta addressed the event. By discussing the general and special theories of relativity, she briefly discussed the concept of Relativity.

A talk on “Emergence of Quantum Mechanics” at the Physics Department

The department of Physics of Barasat College has organized a talk on the topic of “Emergence of Quantum Mechanics” on 22 November 2019, from 02:00 P.M. for the 3rd-semester students. The talk show was conducted in the Physics Lab of the college, in the afternoon. The session was addressed by Dr Sukla Dutta Gupta and was attended by all the 3rd-semester students of the Physics Department. It is evident from the title itself that the talk show was about the causes and effects of internet addiction on today's youth.

Special lecture (On the Occasion of National Science Day) at the Physics Department

The Institute, Barasat College, conducted this lively and engaging lecture on the Occasion of National Science Day) at Physics Department" at the college on 28 February 2020, from 03:00 P.M. for the students of the 3rd and 5th semester conducted by Professor Dr. Sanyal in the physics lab. The lecture took place in the physics lab; the devoted society committee organized this to celebrate a fair and healthy environment for all who wanted to learn more about it. The students were in charge of keeping the institutional premises clean, tending to the physics lab, and upholding proper etiquette as a student. The department of physics science organized this very special lecture with the motive of motivating aspiring students of the department. Hence the lecture proved as an essential activity in an institution through brought the students' thought processes and motivating them to speak about how much they

know about the world of physics and science in their minds. As a result, students were excited to share their views.

A workshop on "Mock Parliament"

The Institute, Barasat College, conducted this lively and engaging workshop on the Theme "Mock Parliament" on 20 August 2019, from 11:00 AM for 5th-semester students conducted by HOD Prof. Palash Biswas in room number 38 of the institute. The Department of Political Science organized the workshop. The department of Political Science and its committee of teachers with the help of students organized this workshop to have a fair and healthy environment for all who wanted to learn more about it. The students were in charge of keeping the institutional premises clean, tending to room number 38, and upholding proper etiquette as a student. It begins with a brief introduction from the professor, and the benefits of the workshop related to the Workshop "Mock Parliament" on the educational front for the 5th-semester students of the institute. HOD Prof. Palash Biswas addressed the event and acted as a Dummy speaker in the Mock Parliament. The participating students followed as far as possible the practices and procedures followed in the Lok Sabha. Students were engaged in the debate based on a few agendas.

A special lecture on "Fundamental Rights"

The Institute, Barasat College, conducted this lively and engaging lecture on the Theme "Fundamental Rights" on 12 February 2020, from 11:00 AM for the 3rd-semester students by Prof. Prateeti Bandyopadhyay in room number 38 of the institute. The Department of Political Science organized the special lecture. All the present students were asked to participate; several other activities followed this special lecture. The devoted department of Political science organized this special lecture to have a fair and healthy environment for all who wanted to learn more about it. The morning assembly followed the information from the session by the department of Political Science. Organizing a special lecture only aimed to hone the students' confidence and knowledge regarding the Use of Transact and Quadrant in Surveys. HOD Prof. Palash Biswas addressed the occasion and delivered a special lecture in which he talked that Articles 12 to 35 contained in Part III of the Indian Constitution deal with Fundamental Rights. These are the Right to equality, including equality before the law, prohibition of discrimination on grounds of religion, race, caste, sex or place of birth, and equality of opportunity in matters of employment.

The workshop was about providing more information to the students about weather forecasting as the application of science. The session had been conducted and addressed by Prof. Bijaya Misra, it was arranged for the students in the first semester of the Department. Prof. Punyarupa Bhadury lends a welcome note.

A special lecture on "Biological data computation using MS Excel"

The Institute, Barasat College, conducted this lively and engaging lecture on the Theme "Biological data computation using MS Excel" on 20 August 2019, from 01:00 P.M for the 3rd-semester students by HOD Prof. Tirthankar Dalui in the Zoology Lab of the institute. The Department of Zoology organized the special lecture. All the present students were asked to participate; several other activities followed this special lecture. The devoted department of zoology organised this special lecture to have a fair and healthy environment for all who

wanted to learn more about it. The morning assembly followed the information from the session by the department of Zoology. Organizing a special lecture only aimed to hone the students' confidence and knowledge regarding the Use of Transact and Quadrant in Surveys. HOD Prof. Tirthankar Dalui addressed the occasion. He showed a power-point presentation of how MS Excel can be used for statistical analysis. It briefly summarized the Excel formulae and how to interpret the results, so it can be used as a handy guide on its own once the student is familiar with the tests.

A special lecture on "Introduction to biomolecules"

The Institute, Barasat College, conducted this lively and engaging lecture on the Theme “ Biological data computation using MS Excel” on 20 November 2019, from 01:00 P.M for the 3rd-semester students by HOD Prof. Tirthankar Dalui in the Zoology Lab of the institute. The Department of Zoology organized the special lecture. All the present students were asked to participate; several other activities followed this special lecture. The devoted department of zoology organised this special lecture to have a fair and healthy environment for all who wanted to learn more about it. The morning assembly followed the information from the session by the department of Zoology. Organizing a special lecture only aimed to hone the students' confidence and knowledge regarding the Use of Transact and Quadrant in Surveys. HOD Prof. Tirthankar Dalui addressed the occasion. Then he delivered a special lecture where he extensively discussed biomolecules, also called biological molecules, any of numerous substances that are produced by cells and living organisms. Biomolecules have a wide range of sizes and structures and perform a vast array of functions.

A special talk on "Cancer and its prevention" on the occasion of World Cancer Day

The Institute, Barasat College, conducted this lively and engaging talk on the Occasion of National Science Day) at Department" at the college, for the students of the 3rd semester conducted by HOD Prof. Tirthankar Dalui in the Zoology Lab. The talk took place in the computer lab; the devoted department of Zoology organized this to celebrate a fair and healthy environment for all who wanted to learn more about it. The students were in charge of keeping the institutional premises clean, tending to the Zoology lab, and upholding proper etiquette as a student. All students who wanted to volunteer were advised to be at the institute in the morning for the preparations. The department of Zoology organized this very special talk with the motive of motivating aspiring students of the department. Hence the talk proved as an essential activity in an institution through brought the students' thought processes and motivating them to speak about how much they know about the world of Zoology and science in their minds. As a result, students were excited to share their views.

Special lecture (On the Occasion of National Science Day) at the Zoology Department

The Institute, Barasat College, conducted this lively and engaging lecture on the Occasion of National Science Day) at Zoology Department" at the college, On 28 February 2020, from 01:00 PM for the students of the 3rd semester conducted by Prof. Jyotirmoy Shankar Deb in the Zoology Lab. The lecture took place in the computer lab; the devoted department of Zoology organized this to celebrate a fair and healthy environment for all who wanted to learn more about it. The students were in charge of keeping the institutional premises clean, tending to the Zoology lab, and upholding proper etiquette as a student. All students who

wanted to volunteer were advised to be at the institute in the morning for the preparations. The department of Zoology organized this very special lecture with the motive of motivating aspiring students of the department. Hence the lecture proved as an essential activity in an institution through brought the students' thought processes and motivating them to speak about how much they know about the world of Zoology and science in their minds. As a result, students were excited to share their views.

A special lecture on "Wildlife: Importance and depletion on the occasion of World Wildlife Day at the Zoology Department"

The Institute, Barasat College, conducted this lively and engaging lecture on the Occasion of National Science Day) at Department" at the college, On 03 March 2020, from 02:00 PM. for the students of the 3rd semester conducted by HOD Prof. Tirthankar Dalui in the Zoology Lab. The lecture took place in the Zoology lab; the devoted department of Zoology organized this to celebrate a fair and healthy environment for all who wanted to learn more about it. The students were in charge of keeping the institutional premises clean, tending to the Zoology lab, and upholding proper etiquette as a student. All students who wanted to volunteer were advised to be at the institute in the morning for the preparations. The department of Zoology organized this very special lecture with the motive of motivating aspiring students of the department. Hence the lecture proved as an essential activity in an institution through brought the students' thought processes and motivating them to speak about how much they know about the world of Zoology and science in their minds. As a result, students were excited to share their views.

Special Lecture on Periodic Trends

The Institute, Barasat College, conducted this lively and engaging lecture on the Periodic Trends in Chemistry Department" on 09 August 2019, from 11:00 AM for the 1st semester student-led by HOD Prof. Debarati Guha. The lecture took place in room number 24; the devoted department of chemistry organised this to guide students with a fair and healthy environment possible for all who wanted to learn more about the career. The students were in charge of keeping the institutional premises clean, tending to room number 24, and upholding proper etiquette as a student. All students who wanted to volunteer were advised to be at the institute in the morning for the preparations. The department of chemistry organised this special lecture with the motive of motivating aspiring students of the department. Hence, the talk proved an essential activity in an institution by bringing the students' thought processes and encouraging them to speak about how much they know about the world of chemistry and science in their minds. In order to prepare for the event, all students who wanted to volunteer should arrive at the institute in the morning. This special lecture was organized by the chemistry department in order to motivate aspiring students. Therefore, the talk proved to be an essential activity in an institution as it facilitated the students' thinking processes and encouraged them to express their knowledge of chemistry and science. As a result, students were excited to share their views.

REPORT ON EXTENSION ACTIVITIES

2019-20

REPORT ON EXTENSION ACTIVITIES OF 2019-20:

Barasat College always believes that proper education can only thrive when all in the College are aware of the need to nurture Mother Nature, in every possible way. So the College attempts the extension of greenery both in its campus, as well as its outskirts. At the same time, the College attempts to use its dedicated Gardiner to prepare compost and proper soil for its plants, both in earthen tubs and along the boundary of the College.

At the same time, the College observes various red-lettered days, both on their National and International level, so that the formative minds of the students become receptive to them, and paves their way to be World Citizens, aware of ever important day in this globe from this stage onwards. The College believes that just as the spirit of nationalism and love for the Motherland must make them bow down before the National Flag on the 26 of January or the 15 of August every year, they should also be aware of respecting women all over the world to the celebration of Women's Day and World Peace Day. The College relentlessly attempts to inculcate good values in the Students, Teachers and the Non-teaching so that all emerge as well-rounded, balanced, knowledgeable and conscientious citizens of the future World.

SOIL COMPOSITION: With the growth in population, pollution, industrialization and deforestation, the extent of soil erosion is constantly increasing. The program was conducted on 07-02-2020.

Debate on "Should the Right to Privacy have limits?"

The Institute, Barasat College, conducted this lively and engaging debate on the Theme " Should the Right to Privacy have limits" on 20 November 2019, from 01:00 P.M. for the 5th-semester students by Prof. Atreyu Das in room number 38 of the institute. The Department of Political Science organized the special debate. All the present students were asked to participate; several other activities followed this special debate. The devoted department of philosophy organized this special debate to have a fair and healthy environment for all who wanted to learn more about it. The morning assembly followed the information from the session by the department of Philosophy. Prof. Atreyu Das conducted the debate. Students were divided into two groups. It came out from the arguments made by the two student groups. The right to privacy is intrinsic to life and liberty and comes under Article 21 of the Indian Constitution. On August 24, 2017, Supreme Court declares that the 'Right to Privacy' is a Fundamental right. However, it is already mentioned by Judiciary that the Right to Privacy is not an absolute right. If needed it is subject to reasonable restriction.

Debate on "Are election campaigns a waste of money?"

The Institute, Barasat College, conducted this lively and engaging debate on the Theme " Should the Right to Privacy have limits" on 03 December 2019, from 12:30 P.M for the 5th-semester students by Prof.Tapan Biswas in room number 38 of the institute. The Department of Political Science organized the special debate. All the present students were asked to participate; several other activities followed this special debate. The devoted department of philosophy organized this special debate to have a fair and healthy environment for all who wanted to learn more about it. The morning assembly followed the information from the session by the department of Philosophy. Prof.Tapan Biswas conducted the debate. Students were divided into two groups. It came out from the arguments made by the two student groups. Although the funding of electoral campaigns and political parties has an important role in the functioning of democracy, unregulated money in politics means that the political playing field is not level. The explosive growth in campaign expenditures fuels the perception that wealth buys political influence and threatens political equality.

Online Movie time with "Parama"

The Department of Barasat College conducted a workshop in room number 32. The workshop was about providing more information to the students about the movie and its notion through Online Platform: Google meets and Youtube. On 09 September

2019, from 12:00 P.M. 5th-semester students were the participants, and they enjoyed the movie. The program ended with an interactive session.

A debate on "Is the traditional way of Marriage Going out of style among the young Generation of Today?"

The Institute, Barasat College, conducted this lively and engaging debate on the Theme “ Is the traditional way of Marriage Going out of style among the young Generation of Today?” on 03 December 2019, from 12:30 P.M for the 3rd-semester students by Prof. Bijaya Misra in room number 32 of the institute. The Department of Sociology organised the special debate. All the present students were asked to participate; several other activities followed this special debate. The devoted department of Sociology organized this special debate to have a fair and healthy environment for all who wanted to learn more about it. The morning assembly followed the information from the session by the department of Sociology. Prof. Bijaya Misra conducted the debate. Students were divided into two groups. They were sharing their thoughts. The gist of the debate is: There is no doubt that there’s been a change in the way we approach marriage over the past few decades. The right age for getting married was the early twenties, which has been pushed to the late twenties and thirties. The fact that urban Indians are seeking autonomy in choosing their partner is also an accepted change in metropolitan India. There was a time when inter-caste marriages were rare, but even that is slowly gaining acceptance in India.

Debate on Marriage vs Live-in Relationship

The Department of Barasat College conducted a workshop in room number 32. On 17 January 2019, from 10:00 to 12:00 AM. for the 5th-semester students. The workshop was about providing more information to the students about weather forecasting as the application of science. The session had been conducted and addressed by Prof. Poulami Majumdar, it was arranged for the students in the first semester of the Prof. Poulami Majumdar lends a welcome note. Students were divided into two groups. They were sharing their thoughts. The gist of the debate is: Marriage is a more legal and socially accepted form of relationship between couples. There is a social validation that has its own appeal and satisfaction. However, live-in relationships are the new and ongoing trend among the youth that gives them the freedom to live with their partners without any pressure from arranged marriages. Both of these socially constructed institutions of love and relationships have their pros and cons. To assist in raising awareness, the Community Guide was developed. In a live-in relationship, one can leave or stay whenever he or she feels things aren't working out. But marriages can take a toll, as they are meant to be together for a lifetime, or in the Indian context, for seven lifetimes.

Online Movie time with "Lajja"

The Department of Barasat College conducted a workshop in room number 32. The workshop was about providing more information to the students about the movie and its notion through Online Platform: Google meets and Youtube.
